

CALFRESH & CALFRESH EMPLOYMENT AND TRAINING (E&T) PROGRAM OVERVIEW

CalFresh Recipients: A Priority Population

- Individuals receiving CalFresh are named as a priority of service population under the WIOA
- CWDs and Local Boards in Partnership: Consider how existing resources under the WIOA can support CalFresh recipients with appropriate workforce development services
- Examples of partnership:
 - Efforts to communicate opportunities to participate in planning efforts and discussion forums can encourage awareness of available services in the region
 - Local Boards could provide services to CalFresh recipients or connect CWDs with workforce providers in the community
 - Service strategies and respective roles can be outlined in formal agreements such as MOUs or through a system of referral
 - CalFresh E&T Partner

CalFresh E&T Framework

Vision

Increase the employment and earning capacity of CalFresh recipients

Mission

Provide more CalFresh recipients with access to CalFresh E&T, supportive services, and skills and credentialing

Strategic Goals

- Increase job placement, retention, and wages
- Increase CalFresh E&T participation across a dynamic mix of people, communities and cultures
- Increase employability by removing barriers to employment
- Increase skills attainment and credentialing
- Lead an efficient and effective customer focused E&T program

CalFresh E&T Program Overview

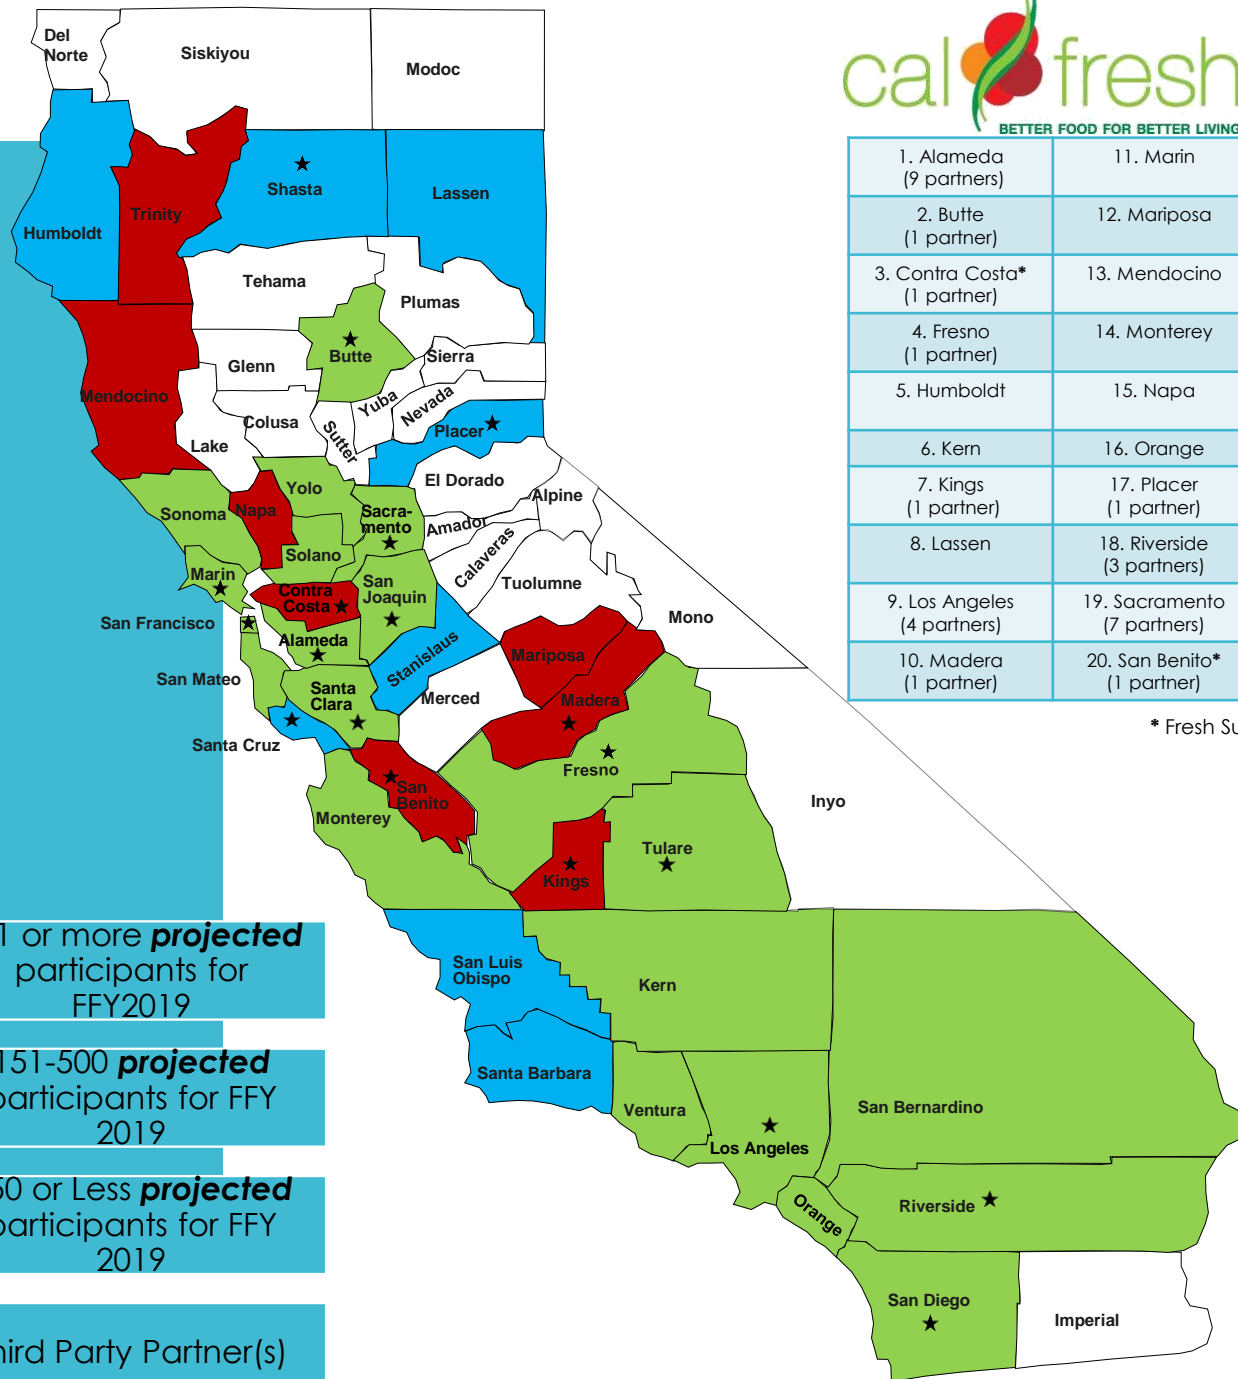

- CalFresh Employment & Training (E&T) is California's voluntary workforce program for CalFresh recipients; federally, it is known as the Supplemental Nutrition Assistance Program (SNAP) E&T Program.
- Counties that choose to participate design E&T programs around a number of allowable components and supportive services that should fit local economic needs, while improving the employability, wages, and upward mobility of CalFresh recipients.
- Statewide outcome data is reported annually to Food and Nutrition Services of the USDA, in addition to quarterly program data.
- Federal 100% funds and 50 % reimbursement funds (uncapped) allow counties to provide E&T services directly, work with third-party party partners, or both.

Existing CWD and Local Board Engagement

Examples of CWDs and Local Boards in Partnership:

- Alameda County provides the Job Training component through the WIOA funded One-Stop Center.
- Butte County partners with Alliance for Workforce Development to jointly offer onsite computer access and assistance with education research, online job search, resume writing and interviewing skills.
- Fresno County refers CalFresh E&T participants to the Fresno Regional Workforce Development Board's One-Stop System. These referrals are targeted most heavily for those seeking vocational or postsecondary education participants.
- Humboldt County's Employment Training Division, is an AJCC partner ETD along with the additional partners College of the Redwoods, CA EDD, CA DOR, AARP, CalWORKs, and Northern California Indian Development Council. Staff work in tandem to provide linkages to WIOA and employment and training services.
